INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Pine Street Inn, Inc. and Affiliates:

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Pine Street Inn, Inc. (a Massachusetts corporation, not-for-profit) and Affiliates, which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities, changes in entities' net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Pine Street Inn, Inc. and Affiliates as of June 30, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1. NATURE OF ORGANIZATION

Pine Street Inn, Inc. (the Inn) is a Massachusetts not-for-profit corporation dedicated to ending homelessness. The Inn partners with homeless individuals to help them move from the street and shelters to a home and assists formerly homeless individuals in retaining housing. The Inn provides street outreach, emergency services, supportive housing, substance abuse treatments, job training, and connections to employment. The Inn tirelessly advocates for collaborative solutions to end homelessness.

The following two legal entities are wholly-owned by the Inn and are included in the Inn's operations in the accompanying consolidated financial statements:

- 18-20 Parker Hill Avenue LLC is a Massachusetts limited liability corporation, which was organized to develop nineteen affordable housing units on Parker Hill Avenue in Boston, Massachusetts. The project was completed and occupancy began in fiscal year 2008.
- 1734 Washington Street Limited Partnership is a Massachusetts limited partnership, which was originally organized to develop thirty-three affordable housing units on Washington Street in Boston, Massachusetts. Since 1988, the Inn has been the sole stockholder of a corporation, which was the General Partner in this real estate limited partnership. This General Partner investment consisted of a one percent equity interest in the limited partnership. The Inn became the sole investor of 1734 Washington Street Limited Partnership when it acquired the interests of the investor limited partners on March 31, 2006 (Note 19).

Pine Street Inn Housing, Inc. (Housing) was a Massachusetts not-for-profit corporation, which was organized to provide elderly and disabled persons with housing facilities and services at the Inn's Richard Ring House at Woodward Park in Boston, Massachusetts. Section 811 funding was provided to Housing by the U.S. Department of Housing and Urban Development (HUD) for the development of a twelve-unit housing facility for mentally challenged individuals. The Board of Directors of Housing consisted of directors and senior managers of the Inn. On January 1, 2019, Housing's Articles of Organization were amended and HUD approved the transfer of control of its assets and related liabilities to an unrelated not-for-profit corporation. This not-for-profit corporation assumed the assets and liabilities of Housing, including the net assets with donor restrictions of \$503,200 (Notes 6 and 14).

Pine Street Housing II, Inc. (Housing II) is a Massachusetts not-for-profit corporation, which was organized to develop housing units on Geneva Avenue in Boston, Massachusetts. Section 202 funding was provided by HUD for the development of a ten-unit housing facility for elderly persons. The Board of Directors of Housing II consists of directors and senior managers of the Inn.

The Inn is the managing member of and holds a majority interest in 51-57 Beals Street Managing Member LLC (Beals MM LLC), a Massachusetts limited liability company. The purpose of Beals MM LLC is to act as the managing member of and hold limited liability interests in 51-57 Beals Street LLC (Beals Street LLC). Management, operation and establishment of the policies of Beals MM LLC are vested exclusively in the managing member. The profits and losses of Beals MM LLC are allocated to the members in accordance with each of their membership interests.

Beals Street LLC is a Massachusetts limited liability company formed on February 3, 2015, for the purpose of acquiring, developing and operating property consisting of two buildings located in Brookline, Massachusetts. Beals Street LLC purchased the property from the Inn in April 2015; rehabilitation of the property began upon purchase and was completed in August 2016. Beals Street LLC was awarded 2016 low-income housing tax credits (LIHTC) under Internal Revenue Code Section 42 (the Code) and 2015 Massachusetts low-income housing tax credits (State LIHTC). Beals Street LLC allocated 100% of the State LIHTC to Beals MM LLC. Beals MM LLC entered into an agreement to allocate 100% of the State LIHTC to the Inn.

NOTE 2. NONPROFIT STATUS

The Inn and Housing II are exempt from Federal income taxes as organizations (not private foundations) formed for charitable purposes under Section 501(c)(3) of the Internal Revenue Code (IRC). The Inn and Housing II are also exempt from state income taxes. Donors may deduct contributions made to the Inn and Housing II within IRC requirements.

Certain activities of the Inn are subject to Federal and state income taxes under Unrelated Business Taxable Income (UBTI) regulations. The Inn did not incur any tax expense related to these activities for the years ended June 30, 2020 and 2019. As of June 30, 2020 and 2019, the Inn has Federal net operating loss carryforwards (NOLs) related to UBTI of \$4,493,720 and \$3,744,912, respectively. The Federal NOLs incurred through June 30, 2019, expire at various dates through 2034 and are not subject to limitations. Under the tax law enacted during tax year 2018, losses from one unrelated business activity may not be used to offset profits from a separate unrelated trade or business activity. Organizations are required to "silo" each unrelated trade or business from the others. NOLs arising for taxable years beginning after June 30, 2018, have been carried forward indefinitely and are subject to limitations of the deduction to 80% of current year taxable income. As of June 30, 2020 and 2019, the Inn has state NOLs related to UBTI of \$2,987,755 and \$2,239,145, respectively. The treatment of the state NOLs conforms to the Federal treatment. A deferred tax asset has not been recorded as the realization of the NOLs is uncertain.

Beals Street LLC has elected to be treated as a partnership for income tax purposes. No income tax provision has been included in the accompanying consolidated financial statements as the income, loss and credits of Beals Street LLC are reported by the members on their respective income tax returns. However, Beals Street LLC's income tax returns are subject to examination by the appropriate taxing jurisdictions.

For Federal and state income tax purposes 18-20 Parker Hill Avenue LLC and 1734 Washington Street Limited Partnership are treated as disregarded entities.

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES

The Inn, Housing, Housing II, Beals MM LLC and Beals Street LLC's consolidated financial statements are prepared in accordance with generally accepted accounting standards and principles established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Basis of Consolidation: The consolidated financial statements include the net assets of the Inn, Housing, Housing II, Beals Street MM LLC, and Beals LLC (collectively, the Organization). All significant intercompany accounts have been eliminated in consolidation.

Adoption of New Accounting Standards:

Revenue from Contracts with Customers

In May 2014, the FASB issued Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*. Topic 606 supersedes the revenue recognition requirements in Topic 605, *Revenue Recognition*, and requires the reporting entity to recognize revenues when control of promised goods or services is transferred to customers and at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

PINE STREET INN, INC. AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Adoption of New Accounting Standards: (Continued)

Revenue from Contracts with Customers (Continued)

On July 1, 2019, the Organization adopted Topic 606 using the modified retrospective method applied to those contracts which were not completed as of July 1, 2019 (the practical expedient elected). Results for reporting periods beginning after July 1, 2019, are presented under Topic 606, while prior period amounts are not adjusted and continue to be reported in accordance with the Organization's historic accounting under Topic 605.

There were no material changes in the timing of recognition of revenue and, therefore, there was no adjustment to the opening balance of net assets without donor restrictions. The Organization does not expect the adoption of the new revenue standard to have a significant impact on its changes in net assets on an ongoing basis.

Contributions Received and Contributions Made

On July 1, 2019, the Organization adopted FASB's ASU 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. This ASU assists organizations in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchange (reciprocal) transactions. In addition, it clarifies whether a contribution is conditional. As a result, it enhances comparability of financial information among not-for-profit entities. The Organization adopted ASU 2018-08 using a modified prospective method effective July 1, 2019. Under the modified prospective method, this ASU only applies to agreements not completed or entered into (revenue or expense that has not yet been recognized) as of July 1, 2019. As a result, the fiscal year 2019 consolidated financial statements are not restated and there was no cumulative-effect adjustment to opening net assets as of July 1, 2019.

Restricted Cash

During fiscal year 2020, the Organization adopted FASB's ASU 2016-18, *Statement of Cash Flows (Topic 230): Restricted Cash*. This ASU amends the presentation of restricted cash within the consolidated statements of cash flows. The new guidance requires that restricted cash and cash equivalents be added to cash and cash equivalents for purposes of the consolidated statements of cash flows. This ASU has been applied retrospectively to all periods presented.

The adoption of ASU 2016-18 resulted in the following changes to the Organization's cash flow classification for the year ended June 30, 2019:

<u>Consolidated Statement of Cash Flows</u>	<u>2019 As Previously Reported</u>	<u>Effect of Adoption</u>	<u>2019 As Adjusted</u>
Operating activities	\$ 6,275,737	\$ 91,707	\$ 6,367,444
Investing activities	(9,919,371)	2,357,820	(7,561,551)
Financing activities	<u>1,213,641</u>	<u>1,796,075</u>	<u>3,009,716</u>
Net change in cash, cash equivalents and restricted cash	<u>\$ (2,429,993)</u>	<u>\$ 4,245,602</u>	<u>\$ 1,815,609</u>

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Estimates: The preparation of consolidated financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Accounting for Uncertainty in Income Taxes: The Organization accounts for uncertainty in income taxes in accordance with ASC Topic, *Income Taxes*. This standard clarifies the accounting for uncertainty in tax positions and prescribes a recognition threshold and measurement attribute for the consolidated financial statements regarding a tax position taken or expected to be taken in a tax return. The Organization has determined that there are no uncertain tax positions which qualify for either recognition or disclosure in the consolidated financial statements at June 30, 2020 and 2019. The Organization's tax and information returns are subject to examination by the Federal and state jurisdictions.

Classification and Reporting of Net Assets:

Net Assets Without Donor Restrictions represent those net resources that bear no donor-imposed restrictions and are generally available for use by the Organization. Net assets without donor restrictions include the following:

Available for Operations represent funds available to carry on the operations of the Organization.

Board Designated represent funds that have been designated by the Organization's Board of Directors for future use (Note 13).

Net Investment in Plant represent funds used in activities relating to the Organization's property, plant and equipment, net of related debt.

Net Assets With Donor Restrictions represent contributions and inflows of assets whose use by the Organization is limited by donor-imposed stipulations. These include both temporary stipulations that expire by the passage of time or fulfillment of donor requirement by actions of the Organization (Note 14), and permanent restrictions that neither expire by passage of time nor can be fulfilled or otherwise removed by actions of the Organization (Note 15).

Net assets with donor restrictions also include, under Massachusetts law, cumulative net appreciation and reinvested gains on endowment funds that are subject to prudent appropriation by the Board of Directors in accordance with provisions of Massachusetts law.

Non-Controlling Interest represents the non-controlling interests in Beals Street LLC and Beals MM LLC, which are owned by unrelated investors.

Cash, Cash Equivalents and Restricted Cash: Cash and cash equivalents include cash on hand, demand deposits and highly liquid investments. Money market funds included in investments are included in cash and cash equivalents. Cash and cash equivalents also include assets limited to use. The Organization maintains its cash in bank deposit accounts, which, at times, may exceed Federally insured limits. The Organization has not experienced any losses in such accounts. The Organization believes it is not exposed to any significant credit risk on cash and cash equivalents.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, Plant and Equipment and Depreciation: Purchased property, plant and equipment are recorded at cost. Donated property, plant and equipment are recorded at fair value at the time of donation. Depreciation (including depreciation of assets recorded under capital leases) is computed using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings	40
Building improvements	20
Leasehold improvements	Greater of 5 years or life of the lease
Furniture and fixtures	3
Machinery and equipment	10
Computer equipment and software	3 - 5
Motor vehicles	5

Expenditures for major renewals and improvements of property, plant and equipment are capitalized, while expenditures for maintenance and repairs are expensed as incurred.

Fair Value Measurements: The Organization follows the accounting and disclosure standards pertaining to ASC Topic, *Fair Value Measurements*, for qualifying assets and liabilities. Fair value is defined as the price that the Organization would receive upon selling an asset or pay to settle a liability in an orderly transaction between market participants.

The Organization uses a framework for measuring fair value that includes a hierarchy that categorizes and prioritizes the sources used to measure and disclose fair value. This hierarchy is broken down into three levels based on inputs that market participants would use in valuing the financial instruments based on market data obtained from sources independent of the Organization. Inputs refer broadly to the assumptions that market participants would use in pricing the financial instrument, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs are inputs that reflect the assumptions market participants would use in pricing the financial instrument developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs are inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset developed based on the best information available. The three-tier hierarchy of inputs is summarized in the three broad levels as follows:

Level 1 - Inputs that reflect unadjusted quoted prices in active markets for identical assets at the measurement date.

Level 2 - Inputs other than quoted prices that are observable for the asset either directly or indirectly, including inputs in markets that are not considered to be active.

Level 3 - Inputs that are unobservable and which require significant judgment or estimation.

An asset or liability's level within the framework is based upon the lowest level of any input that is significant to the fair value measurement.

Investments: The Board of Directors has established policies governing long-term investments, which are held within several investment accounts, based on the purposes for those investment accounts and their earnings. Investments are recorded at fair value.

PINE STREET INN, INC. AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investments: (Continued)

Investments are allocated among the net assets with and without donor restrictions classes in the accompanying consolidated financial statements according to the absence or presence of donor restrictions. Investments are classified as non-current assets based on management's intent to hold these assets for long-term purposes.

The Organization follows an investment standard as defined in the Uniform Prudent Management of Institutional Funds Act (UPMIFA) in managing the relationship between risk and return in the deployment and diversification of the investment portfolio. The Organization views risk as the likelihood of permanent loss of capital as distinct from the volatility in investment value or return. Allocation decisions emphasize absolute return over the long-term, while taking prudent risks.

Net investment return consists of dividends and interest income and realized and unrealized gains and losses less investment expenses, if any. Dividends are recorded on the ex-dividend date and interest income is recorded as earned. Realized gains and losses on investment transactions are recorded based on the first-in, first-out (FIFO) cost method. Unrealized gains and losses are based on fair value changes.

Massachusetts state law allows the Organization to appropriate as much of the net appreciation as is prudent considering the Organization's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Contributions Receivable: Contributions receivable consist of contributions committed to program operations, acquisition of capital or endowment (Note 17).

Debt Issuance Costs: Debt issuance costs are amortized over the period the related obligation is outstanding and amortization is computed using an imputed interest rate on the related loans. Unamortized debt issuance costs are reported as a reduction of the corresponding debt obligation (Note 9).

Revenue Recognition and Funding: The Organization generally measures revenue for qualifying exchange transactions based on the amount of consideration the Organization expects to be entitled for the transfer of goods or services to a customer, then recognizes this revenue when or as the Organization satisfies its performance obligations under a contract, except in transactions where U.S. GAAP provides other applicable guidance. The Organization evaluates its revenue contracts with customers (i.e. developer fee and service fee contracts) based on the five-step model under Topic 606: (1) Identify the contract with the customer; (2) Identify the performance obligations in the contract; (3) Determine the transaction price; (4) Allocate the transaction price to separate performance obligations; and (5) Recognize revenue when (or as) each performance obligation is satisfied.

Revenue received from patient service, social enterprise and other have been recorded in accordance with Topic 606.

Patient service revenue is reported at the amount that reflects the consideration to which the Inn expects to be entitled in exchange for providing patient care. These amounts are due from patients, third-party payors (including health insurers and government payors), and others and includes variable consideration for retroactive revenue adjustments due to settlement of audits, reviews, and investigations. Generally, the Inn bills the patients and third-party payors several days after the services are performed. Revenue is recognized in accordance with Topic 606, as the performance obligations are satisfied.

PINE STREET INN, INC. AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition and Funding: (Continued)

Performance obligations are determined based on the nature of the behavioral health services provided by the Inn. Outpatient services are generally provided at a point in time (date of service) and revenue for performance obligations satisfied at a point in time is generally recognized when services are provided to patients and the Inn does not believe it is required to provide additional goods or services related to that date of service.

The Inn determines the transaction price based on standard charges for goods and services provided (fee schedule), reduced by contractual adjustments provided to third-party payors, discounts provided to uninsured patients in accordance with the Inn's sliding fee policy, or implicit price concessions provided to uninsured patients. The Inn determines its estimates of contractual adjustments and discounts based on contractual agreements, its discount policies, and historical experience. The Inn determines its estimate of implicit price concessions based on its historical collection experience within a given class of patients or payors. Contractual allowances were approximately \$599,000 and \$700,000 for the years ended June 30, 2020 and 2019, respectively.

Agreements with third-party payors provide for payments at amounts less than established charges. A summary of the payment arrangements with significant third-party payors is as follows:

- **Medicaid** - Reimbursements for Medicaid services are generally paid at prospectively determined rates per occasion of service, or per covered member. Medicaid accounted for approximately 92% and 94% of total net patient service revenue for the years ended June 30, 2020 and 2019, respectively.
- **Other** - Payment agreements with certain commercial insurance carriers and health maintenance organizations provide for payment using prospectively determined rates and discounts from established charges. Other payors accounted for approximately 8% and 6% of total net patient service revenue for the years ended June 30, 2020 and 2019, respectively.

Social enterprise revenue consists of income generated from the sale and distribution of meals and catering services and laundering services, which are recorded as services are delivered and the revenue is earned.

Other revenue primarily includes the Organization's income earned on property management fees and property leases, which are recorded as earned. Services are generally provided on an annual basis incident to separate agreements that renew annually at the election of the parties or under aspects of the operating agreements that govern the operations of the parties. These agreements specify the compensation for each annual period. Each service is considered a distinct performance obligation. The performance obligations under these agreements are satisfied evenly over the year as the entity receives the benefits provided by the Inn.

Contracts with the Commonwealth of Massachusetts and other governmental agencies, contributions and grants and donated goods, services and facilities have been recorded in accordance with Topic 958.

PINE STREET INN, INC. AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue Recognition and Funding: (Continued)

Under Topic 958, the Organization must determine whether the contract or contribution (or a promise) is conditional or unconditional for transactions deemed to be a contribution. A grant or contribution is considered to be a conditional contribution if an agreement includes a barrier that must be overcome and either a right of return of assets or a right of release of a promise to transfer assets exists. Indicators of a barrier include a measurable performance-related barrier or other measurable barriers, a stipulation that limits discretion by the recipient on the conduct of an activity, and stipulations that are related to the purpose of the agreement. Topic 958 prescribes that the Organization should not consider probability of compliance with the barrier when determining if such awards are conditional and should be reported as conditional grant advance liabilities until such conditions are met.

For grants and contributions that have been recognized prior to adoption of Topic 958, the standard is not required to be retrospectively applied. Prior to the adoption of Topic 958, effective for fiscal year 2019, the Organization had received similar awards for real estate development projects. For those awards, the Organization had assessed the probability of non-compliance with affordability covenants related to such projects as low or remote, and accordingly, recorded such awards as unconditional contribution revenues upon receipt (Note 14).

Contributions received with donor-imposed restrictions that are met in the same fiscal year as received are reported as revenues of net assets with donor restrictions. A release to net assets without donor restrictions is made to reflect the expiration of such restrictions. Contributions received with donor-imposed restrictions for the purchase or improvement of property, plant and equipment are released into net assets without donor restrictions when the property, plant or equipment is placed into service. Contributions of property, plant and equipment without donor stipulations concerning the use of such long-lived assets are reported as revenues of net assets without donor restrictions.

For certain contributions of cash or other assets to be used to acquire property that bear facility use restrictions, the restrictions are considered to be released at the time the facility use restrictions of such long-lived assets are met. When a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the consolidated statements of activities as net assets released from capital restrictions.

Grants and contributions of assets other than cash, including marketable securities, are recorded at their estimated fair value on the date of the gift.

Grants and contributions to be received beyond one year are discounted using a risk-free discount rate. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions on the contributions, if any. An allowance for uncollectible contributions receivable is provided based upon management's judgment of potential defaults. The determination includes such factors as prior collection history, type of contribution, and nature of fundraising activity.

Donations of goods, services and facilities are reported as revenues and expenses of net assets without donor restrictions at their fair value when received and used in program operations.

Revenue Recognition and Funding: (Continued)

The value of these donated goods, services and facilities is as follows for the years ended June 30:

	<u>2020</u>	<u>2019</u>
Facilities	\$ 2,717,033	\$ 1,930,607

Program support	<u>115,783</u>	<u>128,072</u>
	<u>\$ 4,614,607</u>	<u>\$ 4,098,810</u>

Rental income is generated primarily from the rental of low-income housing units and is recorded when earned. The Organization also receives subsidies from certain governmental entities for providing low-income housing assistance for qualified tenants, which are recorded when earned. Rental income is not subject to either of the newly adopted standards noted above.

Allowance for Doubtful Accounts: The Organization provides for losses using the allowance method. The allowance is based upon collection experience, contract terms, and other circumstances which may affect the ability of the Organization to collect. The allowance to account for such estimated uncollectable amounts is calculated and charged to bad debt expense. As specific balances are identified as uncollectible, they are written off and charged to the allowance.

Expense Allocation: Expenses related directly to a program are attributed to that program. In certain cases, expenses are allocable to more than one program or supporting function. These expenses are allocated based upon a reasonable basis that is consistently applied. Expenses allocated include certain salaries and wages, occupancy, equipment, transportation and interest costs, which are allocated based upon the number of housing or shelter beds, or number of clients, supported by the program. Certain food and supplies are also allocated based upon the number of meals served by the program.

Consolidated Statements of Activities: Transactions deemed by management to be ongoing, major, or central to the provision of the Organization's services are reported as operating revenue and operating expenses in the accompanying consolidated statements of activities. All other transactions are reported as non-operating activity.

Subsequent Events: Subsequent events have been evaluated through January 14, 2021, which is the date the consolidated financial statements were available to be issued. Events that met the criteria for disclosure are included in Note 22.

To achieve this goal, as of June 30, 2020 and 2019, the Organization has \$23,703,975 and \$13,037,062, respectively, of financial assets available within one year of the consolidated statements of financial position date. None of these financial assets are subject to donor or other contractual restriction that would make them unavailable for use within the next year. In addition, for the year ended June 30, 2020, the Organization has board designated reserves of \$10,015,000 and other undesignated long-term investments totaling approximately \$22,161,000. For the year ended June 30, 2019, the Organization has board designated reserves of \$11,566,000 and other undesignated long-term investments totaling approximately \$20,801,000. These funds could be made available to fund expenditures, if necessary, although the Organization does not currently intend to spend from these funds. As part of its liquidity management, the Organization invests cash in excess of daily requirements in various short-term, interesting earning investments, including savings accounts, money markets, certificates of deposit, and United States Treasury bills.

Assets Held for Sale

During fiscal year 2018, the Organization was notified that the funding for its Community Based Flexible Support (CBFS) would be discontinued effective July 1, 2018. As such, the Organization determined that five of the properties used in this program should be held for sale. During fiscal year 2019, one of the five properties was sold to an unrelated not-for-profit organization at a net gain of \$1,384,944. At June 30, 2019, the other four properties with a cumulative net book value of \$673,484 remained as assets held for sale in the accompanying consolidated statement of financial position. On July 1, 2019, these properties were sold to the same unrelated not-for-profit organization for a net gain of \$620,220. The net gain amounts include the assignment of certain notes payable to the unrelated not-for-profit organization (Note 10). Investments are not insured and are subject to market fluctuations. All investment fair values have been provided by investment managers.

Annually in advance of an operating year, the Board of Directors determines the level of total investment return that will be used to support operations, which is referred to as the Investment Spending Policy. The Investment Spending Policy uses the Organization's total long-term investments, which include donor restricted endowment funds (Note 15), board designated funds (Note 13), and unrestricted funds reserved to meet current liquidity needs (Note 4). For the years ended June 30, 2020 and 2019, the amounts used to support operations were equal to a spending rate of 4.5% of the average fair value of the Organization's long-term investments for each of the previous twelve quarterly periods. During the years ended June 30, 2020 and 2019, the Organization appropriated for operations \$1,313,118 and \$1,194,747, respectively, which is included in the accompanying consolidated statements of activities. For the year ended June 30, 2020, \$144,114 of the total spending policy transfer was funded through accumulated appreciation on the donor restricted endowment (Note 15). Upton LLC's initial occupancy began in December 2011. The Inn made a capital contribution of \$10 and holds a 1% interest in the capital, LIHTC, profits, and losses of Upton LLC. The loan bears interest at a fixed rate of 5.58% for the entire term and matures in August 2024. The Inn has pledged a portion of its investments as collateral for the loan. The market value of pledged investments on June 30, 2020 and 2019, was \$2,211,956 and \$2,666,802, respectively.

The Agreement requires the Inn to maintain one or more deposit accounts with an aggregate total of at least \$500,000 with Eastern Bank. These deposit accounts are included in assets limited as to use in the accompanying consolidated statements of financial position (Note 5).

NOTE 9. NOTES PAYABLE (Continued)

Debt issuance costs related to the various notes payable and other debt totaling \$96,246 are shown net of accumulated amortization of \$58,546 and \$54,971 as of June 30, 2020 and 2019, respectively. Amortization of debt issuance costs is reported as a component of interest expense and is computed using an imputed interest rate on the related loans.

NOTE 10. OTHER DEBT

Other debt consists of contingent loans from various organizations used to develop the Organization's housing and other projects. These loans generally are not required to be repaid unless the project fails to comply with use restrictions and other conditions as defined in the various loan agreements. It is the intention of the Board of Directors and the management of the Organization to comply with use restrictions and other conditions. Therefore, no interest has been accrued on these loans.

Other debt consists of the following at June 30:

NOTE 11. OPERATING LEASES

The Organization leases office and program space, and program, office, and network equipment under various operating leases expiring through June 2027. Lease expense for the years ended June 30, 2020 and 2019, was \$2,082,433 and \$1,056,765, respectively, and is included in both occupancy and equipment expenses in the accompanying consolidated statements of functional expenses.

On July 1, 2020, the Inn entered into a one-year operating lease for \$1,980,000 with a third party to provide temporary shelter for its guests during the COVID-19 pandemic. The Inn has the option to extend the lease up to two years; however, has not determined yet if it will exercise the option. The accompanying table of minimum lease commitments includes the lease cost for the year ending June 30, 2021.

One of these leases is a ninety-nine-year ground lease with the City of Boston for the Organization's main facility that expires in May 2100. The annual lease expense is \$1, and the entire lease expense was prepaid at the inception of the lease. This lease has not been recorded as a capital lease due to the uncertainty of the building's value at lease inception.

Remaining minimum lease commitments existing under these leases are:

2022	4,417,442

NOTE 12. RETIREMENT PLAN

The Inn has a contributory retirement plan pursuant to Section 403(b) (the 403(b) Plan) of the IRC covering substantially all full-time employees. Under the 403(b) Plan, the Inn may fund annual contributions, at the discretion of the Board of Directors, to employees who have satisfied one year of eligible service and are employed by the Inn on December 31st. Contributions to eligible employee accounts are based upon the ratio of the employee's compensation to the compensation of all eligible employees and on the employee's years of service. During fiscal years 2020 and 2019, the Inn incurred annual expenses of \$500,000 as contributions to the 403(b) Plan. These amounts are included in employee benefits and payroll taxes in the accompanying consolidated statements of functional expenses. As of June 30, 2020 and 2019, \$750,000 was accrued and is included in accrued expenses and other liabilities in the accompanying consolidated statements of financial position.

PINE STREET INN, INC. AND AFFILIATES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 12. RETIREMENT PLAN (Continued)

The Inn also has an unqualified plan pursuant to Section 457 of the IRC (the 457 Plan). For the years ended June 30, 2020 and 2019, the Inn did not make contributions to the 457 Plan. The assets of the 457 Plan as of June 30, 2020 and 2019, were \$56,598 and \$53,840, respectively. These assets are included as other assets in the accompanying consolidated statements of financial position. The related liability is included in accrued expenses and other liabilities in the accompanying consolidated statements of financial position.

NOTE 13. BOARD DESIGNATED NET ASSETS

The Organization's Board of Directors has designated a portion of the net assets without donor restrictions for the following specific purposes as of June 30:

	2020	2019
Capital improvements replacement reserve	\$ 5,000,000	\$ 5,000,000
Mortgage interest reserve	2,239,000	2,153,000
Real estate fair value reserve	1,827,000	3,464,000
Tax-credit guaranty reserve	549,000	549,000
Housing operations reserve	400,000	400,000
	\$ 10,015,000	\$ 11,566,000

A capital improvements replacement reserve anticipates the future repair and replacement of existing plant and equipment assets and the development of additional permanent housing units.

Though the Organization is confident that, in all likelihood, it will not be required to repay any interest allowed to be deferred until maturity on government financed debt and, accordingly, has not accrued such interest in the accompanying consolidated financial statements; a mortgage interest reserve offsets any potential obligation that the Organization might have to pay for such deferred interest.

A real estate fair value reserve reflects the financial impact that some of the Organization's property assets have mortgage and debt obligations that exceeds their fair market value.

A tax-credit guaranty reserve supports a guaranty agreement that the Organization has with the investment member of Beals Street LLC.

A housing operations reserve supports the Organization's commitment from a prior capital campaign to fund a ten-year reserve for its permanent housing operations that will be fulfilled during the fiscal year ending June 30, 2021. The Board has delegated to management the maintenance of these reserves.

For the year ended June 30, 2020, there were no facility use restrictions transferred or assigned. For the year ended June 30, 2019, two facility use restrictions expiring in fiscal years 2019 and 2021, respectively, totaling \$681,181 were transferred and assigned to an unrelated not-for-profit organization upon the sale of assets held for sale (Notes 1 and 6).

NOTE 15. ENDOWMENT

As required by GAAP, the Organization's net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Organization has adopted an Investment Spending Policy (Note 7) for endowment assets that attempts to provide a predictable stream of funding to programs and general operations supported by its endowment while seeking to maintain the inflation-adjusted purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that is to attain or exceed an average annual total return equal to a spending rate of 4.5% plus inflation as measured by annualized percentage change in the Consumer Price Index – Urban over a rolling five-year period. Actual returns in any given year may vary from this amount.

PINE STREET INN, INC. AND AFFILIATES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 15. ENDOWMENT (Continued)

The Organization is subject to the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and, thus, classifies amounts in its donor restricted endowment funds as net assets with donor restrictions because those net assets are perpetual in nature or time restricted until the Board of Directors appropriates such amounts for expenditures. Most of these assets are also subject to purpose restrictions that must be met before reclassifying those net assets with donor restrictions.

From time-to-time, the fair value of assets associated with donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as funds of perpetual duration and create an underwater endowment. No deficiencies of such nature existed for the fiscal years ended June 30, 2020 and 2019. If a deficiency were to exist, the Board of Directors has interpreted UPMIFA to permit spending from underwater endowments in accordance with the prudent measures required under the law.

Additionally, in accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate appreciation on donor restricted endowment investments:

- (1) The duration and preservation of the funds
- (2) The purposes of the Organization and the donor restricted endowment funds
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The Organization's investment policy

Following is a summary of the Organization's endowment as of June 30,

	<u>2020</u>	<u>2019</u>

NOTE 19. CONTINGENCIES

As part of the acquisition of the 1734 Washington Street Limited Partnership in 2006, the Organization executed a residual receipt promissory note with each of the former investor limited partners. Through these notes, the Organization pledged, upon the sale of the real estate at 1734 Washington Street, to pay the previous limited partners \$216,882 and 100% of the proceeds from the sale of the real estate at 1734 Washington Street. If the sale of the real estate did not occur prior to the maturity date of the notes, the pledges were to be extinguished without subsequent payment of the pledged amounts. The notes matured on March 31, 2011, and the Organization is waiting for the release of the notes to dissolve the 1734 Washington Street Limited Partnership.

The Inn is the guarantor of Beals Street LLC for certain financial obligations of operations of the property up to \$800,000 that expire in 2031. Per the Beals Street LLC operating agreement, Beals MM LLC and the Inn shall at all times maintain a consolidated net worth which satisfies the Designated Net Worth Requirements of \$2,000,000.

The Inn has right of first refusal to purchase the property in the event that Beals Street LLC proposes to sell, transfer, assign, or lease all or substantially all of its interest in the property after the expiration of the LIHTC Compliance Period. The Inn would be required to continue to maintain the property as low-income housing (Note 1). The purchase price under this agreement is the lesser of the sum of all outstanding debts secured by the property and related accrued interest and all taxes attributable to the sale or the fair market value of the property.

The COVID-19 pandemic in the United States has caused business disruption and a reduction in economic activity. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration. While the Organization expects this matter to negatively impact its operating results, the related financial impact and duration cannot be reasonably estimated at this time.

In the ordinary course of the Organization's business, the Organization is, from time-to-time, involved in disputes concerning employment of individuals with the Organization and/or litigation with outside parties. The Organization denies any wrongdoing in these cases and takes the appropriate legal steps in defense of these disputes. It is the Organization's opinion that any potential settlement would not be material to the accompanying consolidated financial statements.

NOTE 20. PROPERTY LEASES
